“ I was fortunate enough to be neighbors with Kevin and what developed into one my closest friendships. I met Kevin in 2017 when I moved a few doors down from him on Greene Street. Kevin was so often misunderstood, overlooked, and underestimated. Kevin had great wisdom. He knew everything going on in the neighborhood, looked out for all of his neighbors and their property, and was a true and fiercely loyal friend. He cared deeply for those he let into his world, and went to great lengths to look out for them and lend a helping hand in times of need. He was the most resourceful person I have ever met and was a walking encyclopedia for all of the local resources and happenings. I miss you Kev. I am so thankful to have shared life with you and was fortunate enough to be your friend. You looked out for me and others in our neighborhood, and I knew you wouldn't hesitate to step in times of need. You were genuine, honest, and had a heart of gold. You have forever enriched my life as you shared your love, laughter, amazing sense of humor and wisdom and support during the hard times. I am forever grateful for you and to you for letting me in. I miss you every single day and that million dollar smile of yours. So glad that you are with your beloved mother again! Heaven has gained one of the most beautiful of angels I have had the pleasure of knowing. I love you my dear friend and miss you more than words can ever say!

Your friend,
Karina
