“Daddy, You were the first man I loved and my best friend. I remembered when I was younger you would always take me and G to Forsyth Park to play and ride our bikes.. I remembered when I was afraid of the dark you would let me come and sleep with you. You where more than just my Father you were my protector, my first love & my biggest fan. You believed in me when I sometimes didn't believe in myself you gave me great confidence that I can do anything that I put my mind to. I wish that I had more time with you because with you leaving me so soon I now have a hole in my heart where I kept you at because that piece of me went with you when you went to Heaven. I will remember everything you have taught me in the 17 1/2 yrs I had you here with me. I will always remember our final day together in the hospital I held your hand and slept at your bedside. Before I gave you a final kiss and told you that I Love You... Please watch over me as my life continues on now without you at myside.. I was so proud to have you As My Father and I will continue to make you proud to have me As Your Daughter... Missing you Already and Will Continue to Miss You Till We Meet Again At the Shining Heavenly Gates In The Sky I LOVE YOU DADDY !!!!! YOUR BABYGIRL, MIRACLE RONAYAH JOHNSON
